

Hatmobile Workshop What to Expect

You will gain so much from a workshop with the Hatmobile. Step outside of your routine, get in touch with your creative side, connect with new people, learn, laugh and share together! Here's what you can expect from our workshops:

A stunning designer headpiece

In a 2-day workshop, you can expect to complete up to 3 headpieces. Create any type of hat you like. Warm winter hats, spring carnival racewear, sunhats, casual daytime hats, fascinators and more!

Explore the possibilities of all materials

The Hatmobile is brimming with many gorgeous millinery materials, including straw, sinamay, leather, braid, ribbon, felt, feathers, crinoline, veiling, and much more. Explore their possibilities and combine them to create something unique!

All levels of experience are accommodated

Our classes are suitable for *all* levels of experience. Beginners are closely supported; advanced milliners are led further.

If you've attended our classes before, don't think you'll just get more of the same! We spend one-on-one time with every student to provide exactly the type of support they need.

Learn specific skills

Want to learn something specific? Just ask! We are happy to demonstrate a wide range of techniques, including:

- Free-shaping
- Double brims
- Silk flower-making
- Leather flower-making
- Working with hat blocks
- Fabric covered technique
- Free shaped felt
- Stiffeners and thinners
- Working with lace
- Moulding thermoplastics
- Weaving with braid
- Wire work
- Felted flowers and leaves
- Covered hats

...and much more!
